AUSTRALIAN OAK

100% Australian made, the Australian Oak Collection is earthy, authentic and on-trend and is now available in 15 new profiles.

Australian Oak is known as the preferred hardwood for a wide range of applications due to its resilience, density and warmness. It is easy to use and work with, stains well, and produces a remarkable finish to match with other timbers, finishes or furnishings.

100% sourced and processed in Australia from certified native forest plantations, the Australian Oak is considered to be sustainably managed and originates from FSC, AFS and PEFC certified supply chains.
